THE ISLAMIC RULES OF
CONVERSATION

Abshang (H)

The following is the guidance to good and useful conversation given by Imam Husein a.s. to Ibne Abbas:

NOT TO SPEAK
BUT WITH AN OBJECT

"Abstain from a conversation which is without an aim or object as it lowers your position".

NOT TO SPEAK
OUT OF PLACE

"Abstain from a conversation on non-sensical subject, but wait for a right opportunity to speak. Many speak the truth but not at right opportunity, they have to face disrespect".

NOT TO SPEAK
WITH REPEATED ARGUMENTS

"Do not enter into repeated arguments with a patient and forbearing person, as he would win over you by the force of his patience".

"Do not go on arguing with the ignorant and the foolish as they would hurt you by their non-sensical arguments".

"You may only speak of a person behind his back what you would like him to speak behind you".
